Professor of Genetics  
The University of Wisconsin  
Madison 6, Wisconsin

Dear Dr. Lederberg:

It has just been brought to my attention that the 100 mg. sample of azaserine, which was intended for you, was misdirected in mailing. We are therefore sending to you today a second 100 mg. sample, with apologies for the delay.

I expect that the first package you have received from us contained two vials of Coley's toxin. We would appreciate it if you would simply discard this material.

Sincerely yours,

C. Chester Stock, Ph. D.  
Chief, Division of  
Experimental Chemotherapy
